

CONNECT 4 – Past Simple

You need:

- 2 groups of students
 - table with verbs
 - 2 markers / coloured chalk
-
- 2 grupe učenika
 - tablica s glagolima
 - 2 markera / krede u boji

ACTIVITY COURSE

Divide the students into two groups and assign each group a marker/chalk colour (eg group A is blue and group B is red). Then project/draw the verb table on the board.

The groups must alternate, and only one verb can be chosen in each move. The goal is to try to connect 4 fields in a row horizontally, vertically, or diagonally. Students take turns within the group and choose one verb from the table and must say its Past Tense form.

The game ends when the first group reaches 4 conquered verbs (fields) in a row.

NOTE: According to the rules of the game, students must first choose the verbs from the first line (in the real game, chips are inserted into grids with holes, and accordingly the chips fall to the bottom of the grid or onto an already inserted chip - Picture 1). This variation is by choice.

I'm sick of Tom! He always offers to help the teacher clean the board or carry her books.

He is such a _____!

TIJEK AKTIVNOSTI

Podijelite učenike u dvije grupe te svakoj grupi odredite boju markera / krede (npr. grupa A je plava boja, a grupa B crvena boja). Zatim projektirajte /nacrtajte tablicu s glagolima na ploču.

Grupe se moraju izmjenjivati, a u svakom potezu može se izabrati samo jedan glagol. Cilj je pokušati spojiti 4 polja u nizu vodoravno, okomito ili dijagonalno. Učenici se unutar grupe izmjenjuju te biraju jedan glagol iz tablice i moraju reći njegov Past Tense oblik.

Igra završava kada prva grupa dođe do 4 osvojena glagola (polja) u nizu.

NAPOMENA: Po pravilima igre učenici moraju prvo birati glagole iz prvog reda (u pravoj igri se ubacuju žetoni u rešetke s rupama te sukladno tome žetoni padaju na dno rešetke ili na već ubačeni žeton – Slika 1). Ova varijacija je prema izboru.
