

The secret life of pets

What do pets do when their people **are** at home?

Ben catches every ball you throw him.

Fluffy hangs out with his best friend, Jerry. They sleep all day long.

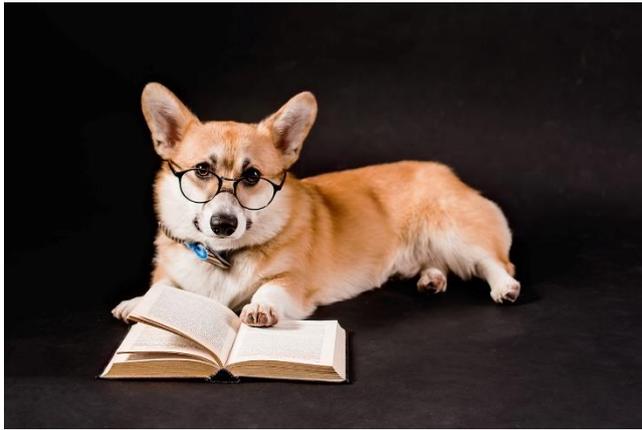

Robbie always comes when you call him and sits on your hand and sings.

Sam runs around the garden with his sister, Tilly. They eat grass.

Blob swims around the fish tank and looks through the window.

What are they doing today, at 10 am, when their people **aren't** home?

Ben is reading books and learning how to take over the world.

Fluffy is lying in bed and having coffee and a sandwich for breakfast.

Robbie is using the tablet to phone his family in Australia.

Sam is going to the shops and riding a trolley.

Blob is escaping his water tank. He is flying a balloon.
