Hi! My name is Anna, but my nickname is Annie. I'm 11 years old and I come from Bristol. It is a beautiful town in the UK. I live there with my family. My family isn't big: only my mum, dad and me. I don't have any

brothers or sisters, but I'm not lonely. I have got a lot of friends. My best friends Ian and Lisa live next door. We walk to school together. Ian is in the seventh form, and Lisa and I are in the sixth form. My favourite day is Monday because then we have my favourite subject, English. We have Maths and Art on Monday, too. I'm good at these subjects, but I love English. Our teacher, Mrs Jackson is great, and her lessons are very interesting. She is also our form teacher. In my free time, I like playing tennis. I have tennis practice three times a week after school. I also collect stickers. My stickers collection is huge and I have 498 stickers.

My name is Tina and in this photo you can see my family. We're at my grandparents'. My grandma Jennifer is celebrating her 80th birthday. She is short and plump. She has got short, grey hair and brown eyes. Her husband Ian is tall and slim. He has got short, curly hair and freckles all over his face. He is wearing glasses. They are kind and friendly. My parents are smiling and dancing. They are tall, but my dad is plump because of all the cakes he likes to eat. They can dance really well. They can sing, too. My brother Nicholas has got straight, black hair and brown eyes just like our parents. His hair is long. He can play the synthesizer and drums. He is 25 and he doesn't live with us. He and his wife have got a daughter, Ellen. Ellen is so funny and kind. I like playing with her in the garden. My grandma always picks a different dress code for her birthday party. The girls are wearing dresses and the boys are wearing white shirts. We are all wearing colourful flip-flops.

Audio script:

It's my 12th birthday today. It's also the first day of spring. I have got two sisters and I'm the youngest member of our family. I'm the tallest member, too. My parents have organised a birthday party for me. It has just started. We are in our garden. There are a lot of banners and colourful balloons. My friends from school and neighbourhood are here. Some of my friends are playing dodgeball, but my neighbours Ian and Lucy are talking about the solar system. They adore learning and talking about different planets. Ian's favourite planet is Mercury, while Lucy thinks Jupiter is better than Mercury. My best friend Maya is giving me a present. It's a book about Africa. It isn't the largest continent, but it is larger than Europe. There is the longest river in the world, the Nile. And some of the most dangerous animals live there. I like learning about the world around us, so this present is perfect for me.

My name is Kate and I was born in the USA, but I live in Ottawa, Canada. In my free time, I figure skate. Figure skating is a sport in which ice skaters make different figures, such as jumps and spins, on ice. It isn't a team sport, but I don't mind it. I have practice two times a day, at 6.00 am and at 7.00 pm, except for the weekend. Then I often take part in different competitions. My practice lasts two hours. Once a month we have practice with the professional ice skater Madeline Schizas. She took part in the 2022 Winter Olympic games and she won fourth place. She is so talented, but she is also friendly. She helps us become better at what we do. I'm very busy sometimes, but I do my homework regularly. I'm a good student, but I don't get straight A's. My parents are very proud of me. I don't usually do the chores, except for making my bed and setting the table, but I help my parents around the house more in the summer when I have more free time.

Audioscript 2:

I'm Ted and I am a gardener. My clients have big gardens, but they usually don't have time to look after them. I mow the lawn, plant trees and flowers and trim the bushes. I spend most of my time outside. It isn't an easy job, especially in the summer, but it's relaxing and it's perfect for me because I don't have to talk to people. I don't earn a lot of money, but I always come home at the same time, and I have a lot of free time. I sometimes work on Saturdays, but I have Sundays off. I get up at 6.15 am because I start working at 7.00 am. I usually have a thirty-minute break. I finish my job at 3 o'clock in the afternoon. I wear special clothes, rubber boots and gloves. In my free time, I read books about gardening and go hiking with my family. I simply love nature.

My favourite dessert is vanilla muffins. The ingredients aren't expensive and muffins are very easy to prepare. You need 2 cups of flour, ½ cup of sugar, 1 cup of butter, 1 tablespoon of vanilla essence, 2 eggs and ¾ cup of milk. Put all the ingredients into a large bowl. Use a whisk and mix the ingredients well. Put the paper muffin cases in the muffin pan. Add the mixture into the prepared muffin cases. Bake the muffins for 15 minutes at 180 degrees centigrade. When they are baked, you can decorate them with some whipped cream, chocolate chips or castor sugar. I usually serve them warm with some chocolate ice cream.

We usually go to our lake house and spend two weeks of amazing winter holidays there, but not this winter. We are spending our winter holidays in Australia this year. My uncle and his family live in the capital of Australia, Canberra. It's summer in Australia right now and that is the best part of our trip. My mum and sister are at the beach. My mum is sunbathing and reading a book, and my sister is surfing with our uncle Gary. My dad and I are going sightseeing. My aunt is our tour guide. She knows everything about the city and she wants to show us all the important sights. Right now, we are at the beautiful Lake Burley Griffin. My dad and I are smiling because we are taking a selfie. My aunt is waving to her friends. They are having a picnic, just like a lot of other people. Many locals and tourists are enjoying various outdoor activities. They are fishing, sailing or riding bikes. You can sometimes see kangaroos around. They are so cute! In the afternoon, we are going to a cricket match. I think it's an amazing sport and I'm looking forward to it. It will be great!

Audioscript 1:

Last weekend was amazing. My family and I stayed in a cabin near the lake and we spent most of our day outdoors. The weather was glorious the whole time. We arrived at the cabin at 10 o'clock after a two-hour ride. After we left our suitcases in the cabin, we went hiking in the forest and we collected different plants. There are some plants that are poisonous. Luckily, my dad knows everything about plants, so he made sure we picked those that are safe to eat. In the afternoon, my mum and I decided to go rock climbing. Our instructor was patient and very funny. I was afraid a bit when we started, but in the end, I realized it was a piece of cake. My dad is afraid of heights, so he stayed at the lake and took some photos. In the evening, we made a campfire and cooked hot dogs and marshmallows. The next day was even better. We went canoeing and we had a picnic on the other side of the lake. I loved our trip, and I can't wait to go there again.

Audioscript 2:

It was a rainy Saturday afternoon. The Greens were in the living room. They couldn't go outside and they all wanted to watch TV. Unfortunately, not everybody likes the same TV programme. Mia wanted to watch the new episode of her favourite sitcom *Modern Family*, so she sat on the sofa and started watching TV. Soon, her dad arrived and switched the programme to the Sports Channel. He likes *Modern Family* and they watch it together, but the football match between Liverpool and Manchester United was about to start. Mia's older brother likes football, but on Saturday, he wanted to watch a documentary about Ancient Greece. Her younger sister wanted to see the new adventure of Sponge Bob and Patrick. They started to argue. Mia's mum likes reading, and her favourite author took part in Oprah's show and talked about her new book. But she decided to stop their argument and chose "Hotel Transylvania". It's a comedy film. All of them agreed and, in the end, had a great time.
