

The Johnsons

The Johnsons are a very happy family.

They live in Manchester. David is the father and Carol is the mother.

They have got four children.

Mat is 21. He studies in London and comes home only for holidays.

He likes sports and he plays basketball.

His sister's name is Lisa. She is very smart.

She is a vegetarian and she likes music. She is 13.

His two brothers are Peter and Stephen.

Peter is 10 and he wants to be a science teacher. Stephen is the baby brother.

He is 5 and likes playing chess with his grandpa.

He is very good at it.

Their grandparents live in the same part of the city so they always have Sunday lunch together.

In this photo they are visiting their aunt Lucy.

She is not married and she lives in Paris.

The Johnsons haven't got any pets, but Lisa would like to have a dog one day.

Answer the questions.
