A VISION OF THE FUTURE

A chit-chat

Talk to your classmate about Ollie's article on the *Star Trek* series. First, **write down your OWN ideas**. Then ask your classmate if he/she agrees and circle his/her answer.

Example:

aliens - Humans will have first contact with aliens in 2063. Do you agree? Yes. / **No.**

(If you wish, you can start a discussion. Open a sentence with: ***I think/don't think there will be...***)
