Back to school - reason to be happy or sad?**Povratak u školu - razlog da budemo sretni ili tužni?****1 Read the dialogue between Emma and Bruce.****Pročitaj razgovor između Emme i Brucea.**

Zašto izgledaš tužno? Što nije u redu?

Bruce: Summer holidays are over. The school starts again.

I hate school. **I hate getting up early.**

Ljetni praznici su gotovi. Opet počinje škola.

Ja mrzim školu. **Mrzim rano ustajati.**

Emma: **Cheer up!** Every September we get new books, new notebooks.

We usually get some new clothes.

Razvedri se! Svakog rujna dobijemo nove knjige, nove bilježnice.

Obično dobijemo i nešto nove odjeće.

Emma: You will also see all your friends again.

You won't be bored any more.

Vidjeti ćeš sve svoje prijatelje opet. Više ti neće biti dosadno.

Bruce: I'm never bored on holiday. I don't like school.

Especially maths. I don't understand it.

And my sister always teases me.

She is top of the class in maths and she doesn't study a lot.

It's not fair. That's why I hate school.

Nikad se ne dosađujem na praznicima. Ne volim školu.

Pogotovo matematiku. **I sestra mi se uvijek ruga.**

Ona je među najboljima u razredu u matematici, a ne uči puno.

To nije pošteno. Zato mrzim školu.

Emma: There are surely some school subjects that you like.

Besides, we have two new school subjects and two new teachers.

Sigurno postoje neki predmeti koje voliš.

Osim toga, imamo dva nova predmeta i dvoje novih učitelja.

- Bruce:** More subjects, more tests! Great!
Every time we have a test I can't sleep and I get a stomachache.
Više predmeta, više testova! Odlično!
Svaki put kada imamo ispit ne mogu spavati i boli me trbuh.
- Emma:** You shouldn't worry so much about the tests.
When you worry, you cannot concentrate and you get bad results.
Ne bi se trebao toliko brinuti.
Kada se brineš, ne možeš se koncentrirati i postižeš loše rezultate.
- Bruce:** It's easy for you to say. You have all As at school.
Lako je tebi reći. Ti imaš sve petice u školi.
- Emma:** I have a suggestion.
Why don't we study together next time we have a test?
Imam prijedlog.
Zašto ne bismo učili zajedno sljedeći put kada budemo imali ispit?

**2 True or false? Write T for true. Write F for false.
